संख्या

परीक्षार्थी उत्तर

to check the flow of water and appropriate trees should be grown in burned areas. If the efforts doesn't made to check soil erosion; there will be no fertile land. The erosion of soil make the trees' roots weak and come to force at end. So the ~~no~~ more and more trees should be planted to bind the soil altogether. If the soil is constantly eroded and scattered there will be no fertile land on the earth. Make the bunds check the flow of water and this way it can't flow the soil with it. Terracing of land is advised to make soil construction. On the peaks and mountains, there should be contour cultivation so that the soil erosion can't be. Water conservation is one of the most effort that should be performed to check the soil erosion. That's why the various measures suggested.

Child labour.

Respected Ppincipal Sir , dear teachers and my dear fellows I, Shalini, going to speak on very relevant topic Child Labour.

Child labour has become a most unavoidable problem of India. At the present there are almost twenty lac children that are working in the hotels, dhabas, homes, industries as the labourer. We also see in our neighbourhood hotels. The govt. of India implemented many laws regarding the child labour but all in vain. Child labourers work at the hazardous places and suffers from many diseases. They are devoid of many basic amenities like - hygienic health, education and play. There are many volunteers clubs which are giving money for education. But children are not aware of it. Now the come, we should do for them something. We should complain in pblice on seeing this situation and follow the rules of Govt. We give to them information about law that the age of till & 16 is banned to do any work.
